

Watch a chick hatch!

Place the egg in water, wait for it to crack, then watch your chick break out of its shell and grow.

JOHN DEERE

INCLUDES

Egg with hatching chick

**Grows
4x
its size**

Carefully remove the egg from the packaging and place in a large glass of room temperature water.

Within a few hours, a chick will crack through the egg and start to grow.

Remove the chick from the glass when it has stopped growing. Discard egg shells in trash.

The chick will return to its approximate original size if left out of water. It will grow again when placed back in water.

Hatch them all!

**Uncle
Milton**
