

Great For Roly-Polies (Pill Bugs),
Ladybugs and Other Small Bugs!

Roly-Polies are everywhere and kids love them!
Now there's a portable habitat just for these fun little bugs.
Watch your Roly-Poly go up and down and around
the playground...it's time to play!

FEATURES:

- Domed habitat with colorful playground equipment
- Snap tight lid
- Air holes

FINDING AND CARING FOR ROLY-POLIES:

- You can find Roly-Polies under rocks, logs or potted plants.
- When putting a Roly-Poly in your playground, place it on the orange ramps and watch it play!
- Roly-Polies like dark damp places, so keep the playground in a dimly lit or dark area.
- Put damp leaves, wood chips or a piece of moist paper towel inside the playground to keep it moist. Using a straw, you can place water into the reservoir in the playground (see figure 1).
- You can feed your Roly-Poly fish food flakes, leaves and pieces of potatoes, apples or carrots. Remove food that becomes moldy.

Remember
to always release
critters back into
their natural
environment

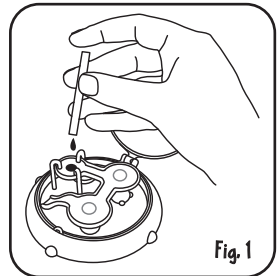

Fig. 1

Add water to the reservoir

Roly-Poly Playground™

For ages 4+.
Conforms to safety requirements of ASTM F963.
Product and colors may vary from pictures.
